1. Information We Collect

We do not collect any personal information from users of our applications.

The only data we collect is anonymous analytics data, which helps us understand how users interact with the app. This data cannot be used to identify you personally and is used solely to improve the performance, stability, and usability of our services.

Examples of analytics data may include:

- Frequency of app usage
- Crash reports
- General usage patterns

2. How We Use This Data

We use the collected analytics data to:

- Monitor app performance
- Fix bugs and improve stability
- Enhance user experience

No personal information is ever stored, shared, or sold.

3. Data Sharing and Third Parties

We do not share any user data with third parties.

The analytics data we collect is managed securely and used exclusively for internal development purposes.

4. Changes to This Policy

Privacy Policy

As our apps evolve, we may update this Privacy Policy to reflect changes. Any changes will be posted within the app or on our official website.
